### Call for Papers

The Philippines, down the history, has been affected in various aspects of its socio-religious life by a series of upheavals. The people living in the hundreds of island of the present- day Philippines, have a rich tradition of oral history, folk literature and practices of memories passed on from generation to generation. In this time of crisis, the Filipinos are inclined to reflect, recall and remember the memories of the past. Without a doubt, the 8<sup>th</sup> PASCHR NATIONAL CONFERENCE emphasizes the importance of **collective memory**, which refers *to the shared pool of remembrance, knowledge, and information of a social group significantly associated with the group's identity*. This may be expressed in various forms, including but not limited to oral and written narratives, monuments and other memorials, commemorative rituals, and symbols, and serves various purposes, like forming and maintaining relationships, teaching or educating others, and promoting group identity.

The conference provides platforms for all the academicians utilizing interdisciplinary research with a wider perspective on the facets of culture, history, and religion that frame the collective memory. This offers an opportunity for the local and international academicians and researchers to present their research output as individual papers or panel discussions or illustrate them on a poster.

The objectives of the conference are as follows:

1. To narrate the significant events and rituals of barangays, communities, towns, and cities that bind them together or promote group identity
2. To depict the monuments, memorials, and symbols that are meaningful and historical, leading the people to appreciate, respect, and love their domicile or place of origin

3. To celebrate the significant events that will enhance their appreciation, gratitude, and love for their communities, barangays, towns, cities, provinces, and regions.

The presentation must adhere close to the following strands of Collective Memory:

1. Cultural Memory
2. Religious Memory
3. Historical Memory

### **ABSTRACT SUBMISSION**

- A title of up to 12 words
- An abstract of up to 200 words, including affiliation and contact details
